Department of B.Ed

Ismail National Mahila P.G. College,

Meerut Department of Education (B.Ed.)

Remedial Classes Academic Year:2022-23

Objective:-To improve the academic performance of the students in class B.Ed. remedial support to identified students who need remediation.

Name of Student centric method : Problem solving

Assessing the learning level of the students :- Class test (Ist year)Weightage=20% & (IInd Year) Weightage= 10%

Focus Subject:-Education

Paper code covered:-B.Ed.(Session 2022-24) IstYear (E-101,E-102,E103,E104) B.Ed.(Session 2021-23) IInd Year (E-301,E-302,E-303,E-304, E-401)

Classes covered:-B.Ed. Ist (sec A & sec B=no.of students:22) & IInd Year (no.of students:21)

Total no.of Students covered:-43

Report prepared and submitted By :-Dr. Kuljyotsna

A Report on Remedial classes A.Y. 2022-2023 '

Not all students are ready to learn the same thing at the same time in the same way'

Keeping this in mind the teachers of INMPG College (Department of Education-B.Ed.) have organized Remedial Classes for the students who need hard work and regular attention.

Expected outcome:-

- Timely conduction of slow learners activities
- Improvement in class test results
- Improvement in students' learning

With the objective of providing holistic education to the student community, Department of Education (Ismail National Mahila P.G. College) caters to the needs of slow learners. Generally, the slow learners are characterized by relatively poor comprehensiveness and weakness in problem solving power etc. In order to effectively meet the requirements of slow learners, college conducts remedial classes on a regular basis with one-to-one attention. Before this process, after the unit is completed in the regular classes, a class test was conducted by subject concerned educators to assess the learning achievements of all the students in their respective courses. In these tests, some students got less marks. With the purpose of improving the learning of these low marks students i.e. slow learners, remedial classes were

arranged by the Subject Concerned Educator. For this, Academic Year-2022-2023, Remedial classes for 1st year and 11nd year students conducted in the middle of the month or around the date, in which in the 1st year 4 codes and 11nd Year 5 codes of compulsory paper under subject "Education" classes were conducted. For this, the teachers, in their own course, were motivated to discuss the topic in which the students had problems with the main points related to the content. For this, first the timetable was prepared for the students, according to the course code and they contacted the teacher of that subject. After the regular class, the time was kept from 3:00pm to 4:00pm. Under the remedial class, the problem related to the subject matter of the students was explained by the teachers in easy and clear words with the help of appropriate methods, techniques and T.L.M etc. After remedial teaching, the internal exam was taken of the same & other students. The slow learners' internal exams scores were higher than before class test scores. This revealed that remedial teaching enhanced the learning achievements of students. In this way the problems related to the case of students were resolved and their learning or marks improved. Remedial class also improved the competency of the slow learners and students were satisfied with teaching. About 43 students benefited under the remedial classes.

Learning Outcomes:-

- Improved students' learning outcomes & theoretical portion were explained through presentation.
- Basics of the topics were cleared through remedial classes.
- This program provided teachers with the opportunity to adopt better and effective teaching methods.
- Teachers were able to provide individual attention to students to improve the performance on a particular learning outcome.
